ISO Industry Day
November 7th, 2018

Learn about digital twinning and the digital thread. Review ISO and other efforts to standardize data for the digital thread. Watch a live demo of digital twinning and review the underlying technology and standards. Find out how your organization can contribute and benefit.

Digital Manufacturing Implementer's Forum
November 8th, 2018

Help plan the worldwide deployment of digital twinning and the digital thread. Work with us to develop and prioritize the first round of test cases. Help us determine the technology gaps that must be bridged to enable deployment across your supply chain. Make sure your organization has a seat at the table for this fundamental transformation of digital manufacturing.

Where: Digital Manufacturing and Design Innovation Institute: Chicago, IL <https://www.uilabs.org/innovation-platforms/manufacturing/>
